

BEAUMONT PRODUCTS

Citrus II CPAP Mask Cleaner

Designed for effective cleaning of all types of CPAP and BiPAP masks, nasal pillows, nasal cannulas, oxygen masks, tubing and accessories. Use daily to remove dirt, oils and prevent the build-up of organic material. No rinsing required; just spray and wipe the mask clean and it dries in seconds. Gentle ingredients are derived from corn, coconut and citrus. Alcohol and solvent free.

CONTOUR PRODUCTS

CPAP Multi Mask Sleep Pillow

Improves comfort and CPAP use with all styles and brands of masks. Provides neck support for back and side sleeping. Also improves both spinal and airway alignment. It reduces mask leaks and eases pressure on mask and face for a more comfortable sleep. Pillow also has a pressure free mask zone area, ear comfort depression, and an inclined forehead support to keep face from rotating downward.

FISHER & PAYKEL HEALTHCARE

Acclaim™ 2 Nasal Mask for CPAP and Bi-level Ventilation

Packaged with all sizes to simplify patient set-up and reduce homecare dealer inventory. Features a unique glider mechanism that eliminates side-to-side leaks by allowing the headgear to move freely while the mask cushion stays in place. The redesigned T piece has an optional locking position, which reduces pressure on the bridge of the nose. The foam and silicone seal deliver unmatched comfort. The diffuser removes draft and helps make the Acclaim 2 one of the quietest nasal masks on the market today. Breathoprene™ headgear has been added to keep the Acclaim 2 cool and lightweight when in use.

HC150 Heated Humidifier with Ambient Tracking™

Upgrades FPK900HC007 Starter Kit from cool passover to heated humidification, which results in more comfort and increased patient compliance. The new standard in heated humidification for CPAP therapy includes several new features: Ambient Tracking™, DC-AC inverter use capability, and a new case design. Ambient Tracking™ continuously senses changes in room temperature and alters the heater plate temperature accordingly to minimize condensation and maximize humidity. The patient receives the benefits of heated humidification without the annoying issues related to excess condensation in the tubing. Can be used with a DC-AC inverter, which enables truck drivers, campers or those who live in remote areas to benefit from heated humidification. Can be purchased separately or with FPK900HC105 Humidification Starter Kit. 2.6" x 5.3" x 5.9". 115VAC. 1.8lbs. 1-year warranty.
